

Benchmark Visit Listings

Benchmarking site visits are a hallmark of the Fellows Programs. The opportunity to visit organizations, hear from leaders, probe success stories, and analyze the factors leading to results deepens the Fellows' learning experiences. The Council is privileged to have a community of Corporate Partners and Principals who are a key in helping them locate and pursue benchmarking activities. Below is a list of places visited by Fellows over the years of the programs:

AARP
ADP
AES Corporation
America Online
American Express
American Management Systems
